

GETTING BACK YOUR FACILITY DEPOSIT

Your deposit is returned if our inspection finds the following list to be done satisfactorily. If some tasks are done and not others, your deposit will be retained by the City for expenses incurred by having our janitorial service to finish the job. If you break any of the equipment you are using you will be charged for its replacement. Cleaning supplies are found in the storage closet between the men's and women's restrooms. If using City cleaning products, apparatus must be placed back in their storage closet in an orderly fashion.
